400:60

- 400+ study abroad programs in 60 different countries
- 40+ student organizations in ACES providing hands-on learning and leadership
- **B1G** A Big Ten campus atmosphere with a "small college" community

Outstanding CAREER and GRADUATE STUDY placement

"I chose the University of Illinois because I knew the best opportunity to meet with future employers was going to happen at the U of I. My transition into ACES was painless. The University of Illinois is a great place to build everlasting friendships while receiving one of the finest educations in the nation."

Brent Probst – ACE transfer student from Lake Land College
Plan your transfer to ACES at Illinois as early as your first day of community college. Pre-advising is available to help you identify an intended major and select courses that will not only make you eligible for admission to Illinois, but also meet requirements for your bachelor’s degree.
